

# Fire till the end

*...No one can stop my flames, I'll burn forever, I'm a spark in the night...*

One day, somewhere in the night  
You'll see my light burn, burn  
One day, a candle will burn for me  
My light keeps shining on, shining on

**RIT**

My pride forever, is fire till the end  
You will remember me  
My pride is forever, is fire till the end  
I'm shining on, I'm shining on, I'm shining on...  
Look out!

*...In the deep of the night, my fight will never stop...*

From land to land  
You'll see my spark in the night  
From coast to coast  
You'll enjoy my sight.....one more time!

**RIT**

My pride forever, is fire till the end  
I'm gonna burn for you  
My pride is forever, is fire till the end  
My run will never end, will never end,  
Will never end, will never end.....

**SOLO**

**RIT**

My pride forever, is fire till the end  
I'll come to save you tonight  
My pride is forever, is fire till the end  
Is fire till the end, till the end
