

Lionhearts

It doesn't matter what you'll think of us
It doesn't matter what now we make you feel
It doesn't matter what will be our part
It doesn't matter who understand our heart
If you believe in us, let we try
If you believe in us...

BRIDGE

You can run with our sensation
There's a feeling in our soul
It's a message that goes on'n'on'n'on'n'on

RIT

So we show you our hearts of the lion
Showin' our hearts of the lion
*(hearts of the lion)*In the trust of your abilities if you can, you must believe and
soon your soul says you: "Forever you must try on"
*(hearts of the lion)*No broken dreams yeah aims reached and
after years this time we won't wait, uuuh wait.

Certainly we won't wait the future to come
Cause will be the future to wait for us
With our songs we won't grow you up
And with our songs we won't break your heart
If you believe in us, let we try
If you believe in us...
