

Woman

.....Woman.....

I sweep away everything I need,
I'm not able to give up the throne of your love
I want to renew one's efforts to catch you
'n 'the hot spirit closed in your heart

BRIDGE

This is my tender
I've wandered for miles and miles
I'm not a sinner
but I'm pull out all my fever

RIT

Woman, with your piercing glance
Woman, penetrate every man
Woman, your heart like a stone
So I've never seen a woman in love

I really need a story of very few words
Very many treasonous
No ,no, no, no don't tell me about love
You aren't born, to talk about it

BRIDGE

This is my tender
I've wandered for miles and miles
I'm not a sinner but I'm pull out all my fever

RIT

Woman, with your piercing glance
Woman, penetrate every man
Woman, your heart like a stone
So I've never seen a woman in love
